Senior Class History

*"Small is their number, but not so with fame,
For they have inspired this story I proclaim."*

Early one September morning four years ago, a passerby might have seen a non-descript group of youngsters mounting the two steps which led to the east door of Clay High School. Today the same people are seniors, soon to go down those two steps for the last time in their high school days.

We were typical freshmen coming into high school with the teachers knowing only too well what was in store for them. Looking down the long halls we were soon to learn that we would have to leave our skates at home for these were halls of learning and were not to be used for skating. We were ushered into four rooms conducted by Mr. Pyle, Mr. Hartsook, Mrs. Spears and Mr. Stevenson. We wrestled the first morning with finding numbers on doors and so forth.

There were one hundred and thirty-five in our freshman class. Our officers for the year were Ruth Thomas, Jim Klotz, Shirley Lang, and Richard Warkentein. The Student Council members were Rita Hastings, Rollie Gahler, Kenneth Villhauer and Bill Hagen. This year was one of pure luck when it came to having mid-year exams. The cause was a seige of influenza which came as a visitor to Clay High. We have not been so fortunate as to miss exams since. Our first year we made money by selling magazines. This fund helped us to a good start and we kept up the good work, becoming one of the wealthiest classes in Clay High School.

Again in September of the following year one hundred and twenty-nine of us returned to Clay. We never could have imagined all that was to come to us in this eventful year. We were allowed more parties and had exciting amateur programs given by the students of Bowling Green University.

One of the first events was the Sophomore Halloween Party, but far more exciting was the surprise which came to us in May of our Sophomore year when it was announced that the war with Germany had ceased; many of us, of course, let our joy run away with us. Even the summer of that year was thrilling with the end of the whole war.

During this year one of the most impressive assemblies was put on by the Student Council in its presentation of the memorial plaque. Reverend Hackenberg was the chief speaker and provided inspiration to all of us.

Our class officers were Jim Muir, Joanne Moritz, Rita Hastings, and Donna Navarre. Our Student Council members were Emil Reisner, Joe Veselka, Alton Brown and Jim Klotz. Miss Boles, Miss Barss, Miss Bodle, and Miss Hinz were our advisors.

What the Junior year stands for in other schools we do not know but in Clay we think it stands for "grindstone year." There were one hundred of us to keep our noses firmly pressed against it! Of course we had our fun, too. We ordered and received our class rings, presented a successful Junior Play, gave plenty of parties to afford us good times and climaxed the year with a gala prom at the Woman's Building.

It was during our Junior year that our dreams for a new school and a big, beautiful football stadium began to come true. Assemblies and plans kept us in mind of it all year and the campaign for funds for the stadium kept us busy.

Officers for the Junior year were Joe Veselka, Joe Simon, Bill Kleine, and Rita Hastings. The Student Council members were Emil Reisner, Jim Muir, Alton Brown, Karl Loveland, and Donna Navarre. Class Advisors were Miss Ray, Mr. McCabe and Mr. Greenler.

Our senior year was filled with many events beginning with a senior hay-ride and continuing with the senior play, banquet and assembly; it, too, was climaxed again with the senior prom. Ah, was it all a dream or was it true?

The officers for the year were Karl Loveland, Emil Reisner, Rita Hastings and Jim Stretchbery. The Student Council members were Bernard Wenzel, Alton Brown, Jim Klotz, Bill Kleine, and Ray Dippman.

Of course all good things must come to an end and so with our high school days. As we hear the last word at the service which leads us out of the school which has been our favorite "meetin' place" for the past four years we will have a feeling of mingled emotions, an indefinable sadness, and yet a feeling of joy that part of our work is done. Yet one lesson was learned that will remain, each one's accomplishments depend upon his own efforts.

*"And when the sun will set, as set it must,
And all these verses will be dust,
Among the works the world will set to fame
And inscribed among the stars will be,
Clay High School's name."*

Senior Prophecy

Good evening, Mr. and Mrs. Oregon Township, this is your announcer, Clay Hi, speaking. Let's go to press!

The newly elected president of the United States, Neal Nightingale, was inaugurated into office this day of June, 1957. Chief Justice Charles Pautz administered the oath of office at the exact hour of "three o'clock in the morning". The President immediately announced changes in his cabinet, many of whom are well known to the former students of Clay High School. The Secretary of War, James Chikadroff, who was the manager of "Sadie's Tea Shop" a few years ago; the Secretary of the Treasury, Dick Lutzman; the Secretary of Agriculture, Bill Burnside, who has recently won the title as the nation's most prosperous farmer; the Secretary of the Navy, Willias Schanke; and the Postmaster General, Milburn Baker. I leave it to you folks, what is this world coming to?

And now, we switch you to Harlon Adams, who has a message for you from Anderson, Sanderson, Henderson, and Potts, makers of "Maumee Pollution" hand lotion.

"Do your hands feel different lately? Do they look clean and well kept? Well, if so, try just one bottle of "Maumee Pollution" hand lotion. We guarantee results! If you are not satisfied with this lotion send back your half-used bottle along with your name and address, and ten cents to cover postage, to us and we will not refund your money.

And now our "Maumee Pollution's" famous "Stinky Trio", those three beautiful girls, Margie Henninger, Joyce Meyers, and Nancy Bratschi, sing our jingle for the day.

(Tune of Archie's Little Love Song)

Maumee Pollution, that's for me,

It's something like D.D.T.!

And now for the sports of today! Kenneth George and James Klotz have just signed contracts with the All-American football team, the "Brooklyn Dodgers".

News from our local team, the "Oregon Terrors," is dim tonight! They were walloped by a score of 76 - 6. The reasons given for this defeat are that Paul Kiggins fumbled all the balls, Rollie Turnow tripped over his own feet, Jim Keene was carried off the field too many times and Carl Armstrong dropped all the wobbly passes.

Our Hollywood columnist, Josie Patznick, reports that the great screen lover, Joe Veselka, has just married the "Bamboo Blonde", Shirley Susor, after his recent separation from the "Sarong Girl", Bonnie Lou Teems, who I might add has just eloped with the "Swoon King", Bob Mathews.

And now to the homefront news! A few of our prominent housewives have actually gone on a strike. They are striking for a more adequate allowance from their husbands. The Daily Times reports that the "Advice to the Lovelorn" column is doing very well under the mighty pens of Dorothy Douglass and Ruth Rohr. They have mated over one thousand forlorn, dejected, and lonely old men and women.

Two of our prominent Times reporters, Lucille Hurm and Irene Schrader, attended the national reporters' convention in Washington last week and were highly praised for their outstanding newspaper work by President Nightingale.

Senior Prophecy

Our local Ladies' Aid Society has just elected its new officers. Jane Brundage was elected President; Marie Clifton, Vice-President; Phyllis Haack, Secretary; and Jean Heintschel, Treasurer. Congratulations to these new officers! We hope they don't celebrate their election with an ice cream social again, as they did last year. They nearly poisoned the many people who attended. It is said that someone accidentally mixed a bottle of arsenic in the ice cream. They thought it was vanilla flavoring!!!

News from our campus is great tonight! Professor Hagedorn has just finished his experiment of the mighty "B-Bomb" and has stated that this bomb will prove a great help to society. He declares it will kill any bug in the vicinity of the bomb's explosion! A great discovery, professor!!! Kathryn Mahl, professor of English, has just released her new book and it promises to be a great success. The title, "John's Other Wife". Emil Reisner, professor of Civics, reports that his book which he has been working on for the past ten years is almost finished. We are still waiting, professor. Many men and women are coming back to college these days. And what for? A Master's Degree, of course! Four debutantes striving for their degrees are Anna Mae Wilson, Billy Van Gunten, Shirley Witty, and Betty Lou Sloan. Best of luck to you girls!

Are you planning to attend the Policemen's Ball this year? If so, obtain your tickets this week from Sergeant Simon, Captain Reif, and Lieutenant Vilhauer. These flatfoots will be selling tickets in Grinnel Brothers or the Boys Athletic Supply Company. Hurry now before they are all sold.

Elsie Solberg, Shirley Lang and Joy Meeks, officers of the Y.W.C.A., are campaigning for donations for the new Y.W.C.A. which they are planning to build in the near future. They already have donations from Reverend Muir and Reverend Pingel, who are highly in favor of the new building.

It has just been announced that Alton Brown has won the National Trophy of the Auto Races. Congratulations, Alton!

Our local Veterinarian, Karl Loveland, will close his office next week for a much needed rest. Dr. Loveland will be back with us next year. We hope you have a nice vacation, Dr.

We are fortunate in having Dr. House, world famous psychologist, join our Medical Staff at the local hospital! We hope his advice to our patients will be right and that many of them are cured soon. His assistant, Dr. Joe Hollo, will do all the work.

A new cab company is being organized in our city. The name of the company is "Suicide Cab Company". Glen Diefenthaler was elected President, Ralph Taylor the Vice-President, Bill Schmidlin the Secretary and Jim Stretchberry the Treasurer.

Newly installed firemen at the Oregon Volunteer Department are Bill Kleine, Donald Cordell, Ray Dippmann, Jim Harrell, and Norman Mackey. These men were installed this morning at the firehouse.

We also have a new branch of the City Department, called the Street Cleaners Association. Harold Russ, Richard Warkentein, Calvin Meyer and Lyle Ames are officers in this association.

The Style Show recently appearing in our city was sponsored by the "Singeew Sewing Center". We are also told that Carole Varner designed all the clothes featured in the show. Evelyn Chikadroff, Ethel St. John, Alice Reynolds and Jewel Crews added spice to the show as models and Margie Bury furnished the music with her "Hotshot Rhythm Band". All in all it was a great success.

This is all the news for now, ladies and gentlemen. Listen in again next year for the next broadcast over station C-L-A-Y. This is your announcer, Clay Hi, signing off until then, and wishing you all a good night.

Junior Class History

Well, here we are Juniors! It wasn't so very long when we were Freshmen. At that time we numbered one hundred fifty-three. The first day the members of the Student Council squired us around the building. When we were more familiar with the schedules and other items in our daily program, we elected officers. Selected as president was Maurice Vonck; vice president, Irene Meyer; secretary, Helen Brown; and treasurer, Dick Freshour. Student Council representatives were Don Breese, Dick Livingston, Nancy Fox, who was replaced by Kenneth Ritter, and Patsy Lewen, succeeded by Martin Freshour.

In our sophomore year a mass meeting was held in the auditorium to promote the raising of funds for the lights in our football field. We, as the sophomore class, raised the largest sum. That year we were the rulers of the lower halls. Kenneth Ritter reigned supremely as president with Gene Mills as vice president, Janet Hintz as secretary, and Dick Freshour as treasurer. Don Breese and Dick Livingston were re-elected as Student Council members with Betty Parker and George Hauter.

Dances! Rings! The Prom! All these things we have had in our junior year. Ah, what a wonderful time we did have. Oh, yes, our very able Student Council members were Janet Hintz, Jane Smith, Betty Parker, Edith Rabbitt, Kenneth Ritter and Don Breese.

Now we are looking forward to our senior year at Clay High. If it's half as exciting as our junior year, we will be more than satisfied.

Sophomore Class History

We are now sophomores, kings of the lower floor, looking down on those poor freshmen.

That first day when we entered Clay High way back in the fall of 1945 is still fresh in our minds, though. We numbered 150 and were scared to death.

When we had recovered from our fright, we held a meeting to elect class officers. They were: President, Donna McClintock; Vice-President, John Cavas; Secretary, George Ackerman, and the Treasurer, Dale Seckinger.

After a short year of both work and play, came summer vacation and a chance to recuperate. All too soon, though, came September again with a repetition of last year. Only this time we were sophomores.

Our new officers were: President, Jim Liptack; Vice-President, Roland Schumaker; Secretary, Virginia Tank, and Treasurer, George Ackerman. With these and our Student Councilmen, Nancy Hindie, Lester Meier, Tom Keckstein and Helen St. John, we progressed very well.

We are now anxiously awaiting the time when we will be upper classmen, Juniors! We are expecting to have even a better time that year and here's hoping it gets here soon.

Freshman Class History

Last fall one hundred and fifty-five atoms were found floating around Clay High's halls and classrooms. Mr. Needles, Miss Boles, Mr. Schaller, and Mr. Huyck played the leading role in harnessing these little atoms. We were still in the experimental stage and, therefore, not very well developed.

The second Freshman Class meeting (similar to the U.N.O. Security Council in that it was held to draw up a constitution for the Freshman Class and secure peace within the portals of Clay High) took place to elect officers: Alvin (Buddy) Bargahiser, president; Don Mercer, vice-president; Mary Lou Klebold, secretary, and Bonnie Sibberson, treasurer.

These atoms had to have money to finance their development, so it was proposed we should sell magazines on a commission basis. The amount of money earned was three hundred and ten dollars and fifty cents.

Before I go further I should mention these atoms were divided into two groups, male and female. Since the men are supposed to be superior in all respects, it wasn't unusual when they won over the females. The result was a "V. J. Day" with the males as victors.

It would be difficult to control these atoms if they were in one room we were divided into four rooms. The room that sold the most subscriptions entertained the losers with a party.

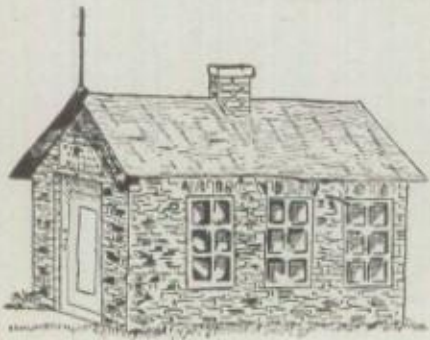

Those previously chosen to represent us at the Student Council (similar to the U.N.O. Assembly) were Janyce Blessing, Alvin Bargahiser, Neal Crews, and Jennie Szuch.

The traditional Sadie Hawkins Day was our first real social adventure (it took place after the unveiling of "Lena The Hyena"). Everybody had a wonderful time. The Student Council made this possible and we thank them heartily.

Well, the atoms have had their ups and downs, but it wouldn't have been interesting without them. Now we are ready (as a bomb) to explode into our Sophomore year. We hope it will be as packed full of fun and work as our Freshman year.

At their first meeting of the new school term the "Zetes" got off to a busy start. Officers were elected and it was decided that each meeting was to be planned by a different group of girls. Vale! or shall we say Greetings! Clay's Latin Club steps up this year as a young member of the Junior Classical League, a national organization of many local classical high school clubs throughout the United States. We thus become a part of a national group, rather than an individual club. Literature and programs from the headquarters in Nashville, Tennessee, are received and followed with interest here. The Latin Club is open to students interested in furthering their knowledge of classical history. They also enjoy modern social parties, including a picnic for present and previous members.

Activities

Aside from these things we have had a gift exchange, parties and movies on Latin America.

The Aeronautics Club membership really took a nosedive this year due to a few new requirements. Members had to present a stick model to join and only those who already knew how to make models were permitted into the club.

The planes were displayed in the library as a part of the year's activities. They also scheduled a model meet and a contest to find the best model in each class.

The purpose of the club is to get the young people of today more familiar with the fundamentals of flying and building planes so that in the coming air-age they'll be ready to fly and understand their own planes.

This year the club decided to get together and really do big things. They made banners for the football games, gave a party for an orphanage, and had plays for their own enjoyment (perhaps they are afraid of large audiences). They also sold school pennants.

It was great fun initiating the Freshman Club and giving the installation service. Later we gave money for the World Fellowship and the new Y. W. C. A.

Band

The band was more active during the football season this year than it has been for a long time. With a capable new drum major and six majorettes (five of whom are new and one from last year) we carried out quite a few new formations. According to remarks overheard at games and at school, they were pretty recognizable.

In addition to playing at school and for pep meetings, we played at Genoa, the Armistice Day parade, and in the T. U. Glass Bowl for the Ottawa Hills game which was our biggest thrill of the season.

It is the hope of the whole band, that we will be able to play under the lights of our own stadium next year and that maybe we'll have a lot of new members to march with us.

We owe a lot to our director, Mr. Runyan, for all his efforts in helping us to work out our formations and giving us so much of his valuable time during noon hours and fifth periods so that we could get them perfected.

Girls' Intramurals

Girls' Intramurals was led this year by Miss Mary Beth Scheehle, our new girls' Physical Education teacher. Joyce Myers held the position of intramural manager and Donna Asmussen was assistant intramural manager.

Approximately one hundred girls, divided into two groups because of the different lunch hours of upper and lower classmen, began the intramural season by playing indoor. After indoor, speedball was played. Next, teams were organized in physical education classes and a basketball tournament was held. When the weather became warmer, indoor was again played.

Thirteen seniors and six junior girls received intramural letters this year for earning twelve hundred points. Three senior girls received chevrons for earning two hundred points besides their necessary twelve hundred for their letter.

Boys' Intramurals

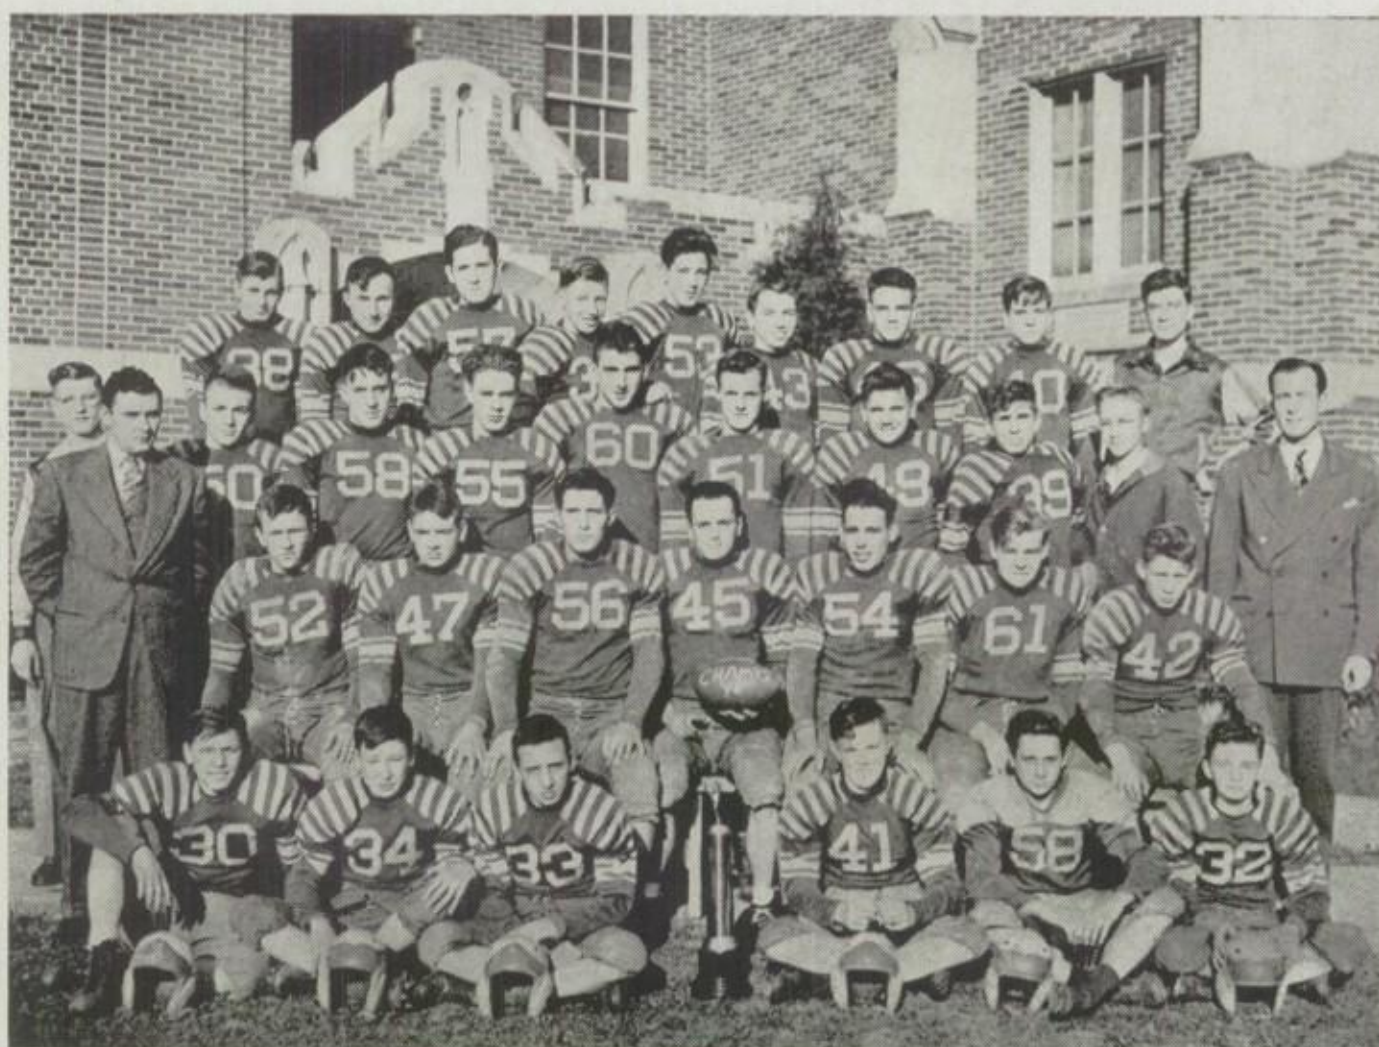

Softball teams started the intramural year of "47" rolling with Jim Muir's team winning first place honors for the Junior-Senior teams and Leonard Vincent's team taking top place for the Freshman-Sophomore classes. Softball was followed by tap football. Bill Kleine's squad took first place for the Junior-Senior teams, Art Dotson first for the Freshman-Sophomore teams in an unfinished season. Basketball came next on the intramural program. Dick Fondessy's five came in first for the Junior-Senior teams. Volleyball teams were organized and again in the spring softball took the interest of the boys. Jim Schmidlin and Bob Thomas were this year's able managers.

Buckeye Boys' State

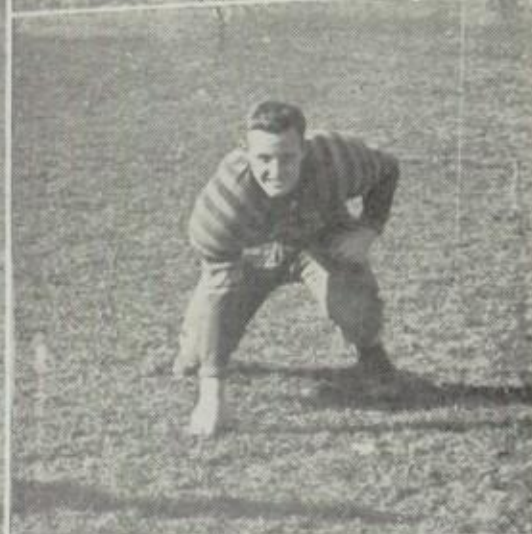

In 1937 the American Legion of Ohio first sponsored Buckeye Boys' State which purposes to inculcate in our youth a sense of responsibility to the community, state, and nation. Dunberger Unit 537 has sent one boy from Clay High School each year with the exception of 1945 when, due to the war, no session was held.

Representatives from the entire state meet in a place where the boys can be housed conveniently and where they can assemble in one group. For one week these young men are trained in the duties, privileges and responsibilities of American citizenship and are given, in a realistic manner, an opportunity to learn the problems of government. At the same time they have much fun under the guidance of trained counselors.

The representative must be a junior in senior high school; he must be recommended by the high school principal certifying that he possesses high qualities of scholarship, moral character, an interest in government, courage, mental alertness and a willingness to take initiative and to assume responsibility.

Boys from Clay High School who have been sent to Buckeye Boys' State by Dunberger Unit 537 are as follows: Charles Whitacre, Berthold Fleitz, Melvin Arnold, Jack Klotz, David Grove, Jack Widener, Robert Douglass, Richard Bourdo, James Klotz.

This year a Girls' State was established at Capitol University. Nancy Fox was chosen to represent the school. Don Breese was the boy elected as a delegate to Boys' State to be held at Wittenberg University.
